

MATH SYLLABUS

Mrs. Wendelin | Grade 6 | Rm 225

UNITS OF STUDY

- Numerical Expressions and Factors
- Fractions and Decimals
- Ratios and Rates
- Percentages
- Geometry

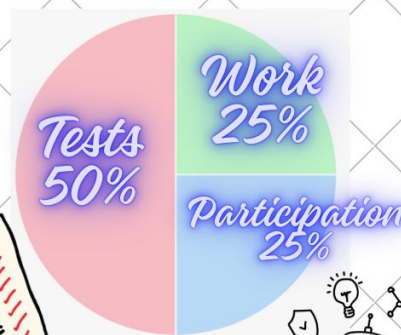

WHAT TO BRING

- ☐ Math Folder
- ☐ **PENCIL, EVERYDAY**
- ☐ Charged Chromebook
- ☐ Headphones (suggested)
- ☐ personal dry erase marker (suggested)

EXPECTATIONS

- 1 Be kind and respectful to everyone and their property.
- 2 Be in your seat ready for class when the bell rings.
- 3 Have your homework completed on time and prepared to check.
- 4 Follow all school rules and classroom procedures.

GRADING POLICY

It is easy to look to AI for quick homework help, but I encourage you to try every assignment on your own first! Working through challenges now is what builds real understanding and sets you up for success on exams. Because true learning happens in those practice moments, tests are weighted more heavily to reward your hard work and mastery of the material.

MATH SYLLABUS

Mrs. Wendelin | Grade 7 | Rm 225

UNITS OF STUDY

- Rational Numbers
- Expressions
- Equations and Inequalities
- Ratios and Proportions
- Percentages
- Geometry

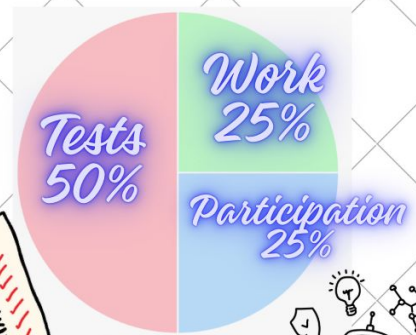

WHAT TO BRING

- ☐ Math Folder
- ☐ **PENCIL, EVERYDAY**
- ☐ Charged Chromebook
- ☐ Headphones (suggested)
- ☐ personal dry erase marker (suggested)

EXPECTATIONS

- 1 Be kind and respectful to everyone and their property.
- 2 Be in your seat ready for class when the bell rings.
- 3 Have your homework completed on time and prepared to check.
- 4 Follow all school rules and classroom procedures.

Mrs. Wendelin's Math Work Policies

Weekly Grades in Gradebook:

☐ 1 Classroom Participation Grade

- ☐ This includes the Math Minute Warm-ups, lesson notes, and in-class practice problems. I circle the room to be sure they are actively participating. If they are not, I take note and they lose points for this weekly grade.

☐ 1 Completion Grade

- ☐ Each Chapter has 4-5 lessons, each lesson is broken down into 3-4 different examples with guided notes and in-class problems. Students are then assigned 4-6 related independent practice problems after understanding of the skill is demonstrated by the students.

☐ 1 Classwork Grade

- ☐ The extra practice workbook page will cover all of the examples for the lesson we completed. This will be done in class. They can use all of their notes and practice problems from the lesson.

Classwork Completion Grades

- ☐ Plenty of class time is provided to complete the daily practice problems. It is the student's responsibility to use the time wisely to complete the 4-7 problems independently. I will mark down how many they completed as their grade. If they take it home to complete it entirely, they can show me the next day to improve the recorded grade.

How To Make Up Absent Work

- ☐ Absences are a daily occurrence in each period. It is very challenging to stay on top of what each individual student has missed and when.
 - ☐ If they missed notes or in-class practice, they can use the online version of the textbook to complete what they missed. It is their responsibility to grab new notes from the absent tray.
 - ☐ If it is an extra practice workbook page, it will be in the absent tray for them to pick up and complete. It will still be required for them to complete for a grade.

Missing Work

- ☐ Every Friday I will grade and update regular work, missing, and absent work in the gradebook. It is a good habit for students to regularly check Lumen to see what assignments are missing.
- ☐ I will write down who I am missing work from on my board by my desk. Students can see this daily.
- ☐ Missing assignments will lead to demerits which will lead to detentions. It is important to be responsible and complete your assignments in a timely manner.

Typical Class time Structure

- ☐ Structure naturally makes humans feel confident and responsible since they will know what to expect. I strive to structure my daily lessons to follow the same schedule:
 - ☐ guided notes
 - ☐ teacher-modeled examples while students work it out with me
 - ☐ guided in-class practice problems done with their classmates
 - ☐ independent practice problems to solidify their learning

Contact information

Class dojo messaging or

REWARDS

The students are paid in classroom cash each week for participation, no absences, no demerits, and being prepared. They also get paid for As and Bs on tests and improvement on their STAR tests.

The money can be used to purchase items in the classroom store at the end of each quarter.

CONSEQUENCES

1. If students cannot follow the rules, they will first receive a warning/redirection.
2. The second infraction will result in a demerit.
3. The third infraction will also result in a demerit.
4. If there are any additional infractions in a class period, they will receive an office referral.

Parents, please reach out if there are any questions about behavior. I try to be very transparent with what is happening in the classroom and find this to be the best approach.

As part of our quarterly mathematics curriculum, students are expected to complete either four lessons or earn 100 coins weekly on the Freckle platform. This coursework must be completed during designated free periods and focuses specifically on the assigned math strand for the current quarter.

Please note that consistent completion of these weekly assignments will constitute a significant portion of your child's 25% participation grade at the end of the quarter. To encourage academic excellence, students will receive a small reward for each individual lesson completed with a score of 70% or higher.

Their progress will be tracked on a bulletin board by my desk like the one pictured below:

GEOGRAPHY SYLLABUS

Mrs. Wendelin | Grade 6 | Rm 225

UNITS OF STUDY

- Themes of Geography
- North America
- South America
- Asia
- Africa
- Australia
- Europe

EXPECTATIONS

- 1 Be kind and respectful to everyone and their property.
- 2 Be in your seat when the bell rings ready for class.
- 3 Have your homework completed **on time** and prepared to check.
- 4 Follow all school rules and classroom procedures.

GRADING POLICY

*Work
100%*

It is easy to look to AI for quick homework help, this is why the majority of the work will be required to do in class and with no chromebook/Internet help to ensure students are reading the material. Most of the work will be worksheets and reading packets, paired with textbook readings and map inquiries.

WHAT TO BRING

- ☐ Geography Folder
- ☐ **PENCIL, EVERYDAY**
- ☐ Charged Chromebook

I have read and acknowledged the syllabus policies for geography.
